

Christ Church Arts Project (CAP) Autumn 2009: Self portraits

As part of this exciting art-based project, every child and member of staff in the school worked with artist Berrin Bates to produce their own self portrait. The children had the chance to work with a range of different materials and to learn many new techniques and skills. These included using oil pastels, watercolour, printing, appliqué, collage and ink drawings.

Many of the classes also looked at the work of famous artists in order to inspire the style of their own self portrait. These included Van Gogh, Picasso, Paul Klee and Andy Warhol.

Many of the children produced a range of studies and then chose their favourite self portrait to be individually framed and displayed, alongside those completed by members of Christ Church staff, in an exhibition at Christ Church. The exhibition was a great success with many parents and members of the local community coming to look round.
