## Use of Pupil Premium 2015/16

**Pupil Premium** is funding that we receive from the Government. It is additional to our main school funding and is allocated to all schools to address underlying inequalities between children.

In the 2015/16 financial year, schools received the £1320 for each primary aged pupil registered as eligible for free school meals at any point in the last 6 years.

Schools also received £1,900 for each pupil who:

- has been looked after for 1 day or more
- has been adopted from care
- has left care under a special guardianship order, a residence order or a child arrangement order

In the financial year 2015/16 Christ Church school received £18,900 pupil premium funding. The school had 13 eligible children on roll at the point of the January 2015 school census. The table below shows a summary of how this funding will be used over the school year 2015/16.

See the 2012/13, 2013/14 and 2014/15 pupil premium information for details of how our funding has been spent in these years and its impact.

## How have we decided on our priorities for spending the Pupil Premium?

### Supporting attainment and progress

We track the progress and attainment of all our pupils individually on a termly basis and we compare the progress and attainment of groups of children according to different characteristics including eligibility for pupil premium.

Our analysis of both school-based data for all individuals and classes and of DfE data (e.g. RAISE online) has enabled us to identify the following priorities for pupil premium spending:

- To increase progress and attainment of some individual pupils eligible for pupil premium (in reading, writing and/or maths) so that they are making at least expected progress through KS2 or so that they are at least meeting national expectations at the end of key stages
- To maintain the increase in progress in reading (particularly at higher levels) and to develop long-lasting positive reading behaviours in some pupils eligible for pupil premium

### Supporting personal development

We are an inclusive school and want to ensure that there is full participation in all our school activities for all pupils.

Through discussion with parents we have identified that cost is sometimes a barrier to full participation in extra-curricular activities. We are therefore using some of our pupil premium funding to contribute towards the cost of after school clubs and trips to ensure all pupils are able to participate fully.

## Pupil premium action plan 2015/16

N.B. There may also be other areas of need identified for individual pupils and supported through pupil premium funding

<p>Possible additional area for pupil premium provision</p> <p>We are in the process of introducing a termly times table challenge for Y2-Y6 at Christ Church School. This will continue to reinforce a key maths objective in the new national curriculum. We plan to introduce an in-school pupil premium times table group to support children with learning their tables if our first challenge results show that this is a need in our school.</p>				

## How do we know it is making a difference?

We continue to track individual pupil progress and attainment each term, adapting our provision and extra support accordingly. For example, our analysis of data (comparison of pupil premium/non-pupil premium group, closing the gap measures) shows that the gap between progress and attainment in reading of the pupil premium group and other pupils has closed across the school in the past two years. This is due to the positive impact of our pupil premium 'reading for progress and enjoyment' group.

Positive feedback from pupils and parents also tells us that they value the wide range of opportunities provided at school including the range of after school clubs and our school journey.

We will evaluate and monitor the impact of our 2015/16 pupil premium provision through the activities listed above, including involving and reporting to governors.
